

The STD/HIV Prevention Training Center of New England (PTC) is one of ten national sites funded by the Centers for Disease Control and Prevention (CDC) to provide clinical training, and is part of the National Network of STD/HIV Prevention Training Centers (NNPTC). In conjunction with regional medical schools/health departments, the Massachusetts Department of Public Health and the National Laboratory Training Network, the PTC offers courses for healthcare providers in the diagnosis, treatment and management of sexually transmitted diseases and the prevention of HIV.

These offerings meet a continuing need for effective training in STD clinical services in support of disease prevention, and are a primary source of postgraduate STD education for medical professionals. PTC courses are provided primarily for health professionals in Region I, which includes Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island and Vermont.

For course offerings and additional information, visit us on the web at <http://www.mass.gov/dph/cdc/stdtcmαι/stdtcmαι.htm> or contact us at 617-983-6945
To access the National Network of STD/HIV Prevention Training Centers, visit www.stdhivpreventiontraining.org

REGISTRATION FORM

Pre-registration is required and space is limited. Registrations will be accepted on a first-come, first-served basis.

Name: _____, MD, NP, PA, RN (circle profession)

Other profession, please specify _____

Specialty _____ (all professions)

Org. Name _____

Work Address _____

City _____ State _____ ZIP _____

WorkPhone _____ Email _____

The registration fee is \$40.00 per person and includes continental breakfast and lunch. Parking is available for \$10.00 per day. For directions to the facility, visit: <http://cambridge.hyatt.com/hyatt/hotels/index.jsp>

Please make checks payable to: **The Medical Foundation.** *Cancellations must be received in writing 7 days prior to the program for refund.*

Mail your registration and check to:

Conference Summary:

Women bear a disproportionate burden of sexually transmitted infections (STIs). Keeping up-to-date on the prevention and management of STIs among women is crucial to making strides in decreasing their incidence and complications. This conference features experts from around the country to provide clinicians with the latest recommendations, including those from the 2006 CDC STD Treatment Guidelines. A unique opportunity to hear the best in the field and ask your questions!

Program Agenda:

8:00 – 8:45	Registration, Continental Breakfast
8:45 – 9:00	Welcome Sylvie Ratelle, MD, MPH
9:00 – 10:00	Update on Managing (And Understanding) Vaginitis Jeanne Marrazzo, MD, MPH
10:00 – 11:00	From Mucopurulent Cervicitis (MPC) to Cervicitis: Diagnostic and Management Challenges Anne Rompalo, MD, ScM
11:00 – 11:15	Break
11:15 – 12:15	Pelvic Inflammatory Disease: New Diagnostic and Treatment Options Jeffrey Peipert, MD, MPH, MHA
12:15 – 1:00	Lunch
1:00 – 2:00	HPV: Testing and Vaccine News from CDC’s Advisory Committee on Immunization Practices Eileen Dunne, MD, MPH
2:00 – 3:00	HSV: The Latest in Managing Infections in Pregnant and Non-Pregnant Women Laura Riley, MD
3:00 – 4:00	Special Issues in Adolescents Diane Blake, MD

Learning Objectives:

At the end of the conference, participants will be able to:

- 1) Describe the latest recommendations for the diagnosis and management of vaginitis, cervicitis and pelvic inflammatory disease
- 2) Explain the indications for HPV testing and the recommendations for vaccination
- 3) Summarize the latest guidelines for the management of HSV among pregnant and non-pregnant women
- 4) Appraise the challenges when addressing STD issues with adolescents

Who Should Attend?

Physicians, nurse practitioners, nurse midwives, physician assistants, and registered nurses who provide care to women.

Program Faculty:

Diane Blake, MD, is an Assistant Professor of Pediatrics at the University of Massachusetts Medical School in Worcester. She is the author of numerous peer reviewed publications on adolescents and sexual health. Dr. Blake serves as a journal reviewer on numerous professional publications, including *Journal of Adolescent Health* and *Perspectives on Sexual and Reproductive Health*.

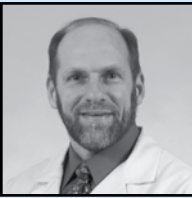

Jeanne Marrazzo, MD, MPH, is an Associate Professor of Medicine at the University of Washington School of Medicine, Seattle, WA and is the Medical Director of the Seattle STD/HIV Prevention Training Center. She has authored numerous book chapters, peer reviewed journal articles, and other publications and has developed educational videos and software to support clinicians in the diagnosis, management and prevention of sexually transmitted infections. Dr. Marrazzo sits on several editorial boards of scientific publications, and currently serves as Associate Editor of *Sexually Transmitted Diseases*. She recently was an expert consultant at the 2006 CDC STD Treatment Guidelines Meeting.

Laura Riley, MD is Assistant Professor of Obstetrics and Gynecology at Harvard Medical School and is Director of OB/GYN Infectious Diseases at Massachusetts General Hospital. She has authored numerous book chapters and peer reviewed journal publications. She has lectured extensively on the effects of HIV, HSV, and other sexually transmitted infections during pregnancy. She is also a committee member on multiple task forces of the American College of Obstetricians and Gynecologists and Institute of Medicine.

Eileen Dunne, MD, MPH, is a Staff Medical Epidemiologist in the Epidemiology and Surveillance Branch of the Division of STD Prevention at the Centers for Disease Control and Prevention (CDC). She is the Principal Investigator of the epidemiology of human papillomavirus infection in the National Health and Nutrition Examination Survey. She was the lead author on a report to Congress on the prevention of human papillomavirus infection. She is also the CDC HPV workgroup leader, convening more than 50 members across multiple centers at CDC to improve collaboration on HPV activities across different centers and divisions at CDC.

Jeffrey Peipert, MD, MPH, MHA, is Professor of Obstetrics and Gynecology at Washington University School of Medicine, St. Louis, MO. Dr. Peipert has lectured extensively both nationally and internationally on sexually transmitted infections among women and is the author of numerous peer reviewed journal publications, book chapters, and editorials. Dr. Peipert has conducted extensive research on pelvic inflammatory disease. He has served as a reviewer of many scientific publications and is currently a consultant editor to *Obstetrics & Gynecology*.

Anne Rompalo, MD, ScM is Professor of Medicine at Johns Hopkins School of Medicine and the Medical Director of the Region III STD/HIV Prevention Training Center in Baltimore. She has authored numerous book chapters and peer reviewed journal publications and has been an invited panelist on multiple national satellite broadcasts. Dr. Rompalo has lectured extensively both nationally and internationally on sexually transmitted infections among men and women. She has served on the editorial boards of *Sexually Transmitted Diseases* and *Sexually Transmitted Infections*.

Continuing Medical Education

The Bureau of Communicable Disease Control, Massachusetts Department of Public Health, designates this continuing medical education activity for a maximum of 6.0 AMA PRA Category 1 Credit™. Each physician should claim only those credits that he/she actually spent in the educational activity. The Bureau of Communicable Disease Control, Massachusetts Department of Public Health, is accredited by the Massachusetts Medical Society to sponsor continuing medical education for physicians.

Continuing Nursing Education

This program is offered by the Massachusetts Department of Public Health, Bureau of Communicable Disease Control. A maximum of 7.2 nursing contact hours for this program will be provided in accordance with the Board of Registration in Nursing Regulations governing continuing education (CMR 244 5.00).
